## Program for Students: Hackathon 2025

*posted on 9:50 AM, January 17, 2025*

# Learn How To Make Apps & Websites

Sign up for April 12, 2025 🧑‍💻 Minnesota's Biggest Hackathon

**Hackathon, Minnesota's biggest "learn how to code" program.**

We're a nonprofit focused on bringing more computer science learning to Minnesota's students. At the hackathon, students will get hands-on experience solving real-world problems, guided by industry mentors like software engineers and product managers.

The 2025 Hackathon is happening on Saturday, April 12. It's free and remote. You can learn more about the event here: [northlandhackathon.com](https://northlandhackathon.com)  
([https://urldefense.com/v3/\\_\\_\\_https://northlandhackathon.com\\_\\_\\_;!!MxD8IHs9xPYQ!!L\\_DcFV7StyFdoX\\_MZw3TSI5Y5ZfqOKUQvw83M24gIMQHG9IzPVRJ4\\_ByKN6ttkS-xb3dg7CZULdHO7DmFqDtbZFICGRRaf8\\$](https://urldefense.com/v3/___https://northlandhackathon.com___;!!MxD8IHs9xPYQ!!L_DcFV7StyFdoX_MZw3TSI5Y5ZfqOKUQvw83M24gIMQHG9IzPVRJ4_ByKN6ttkS-xb3dg7CZULdHO7DmFqDtbZFICGRRaf8$)).

Also, this year we're rolling out an Internship Program to place high school students in tech jobs with companies that might want an extra technical hand, for a few hours per week.

I'd be happy to answer any questions and would love if you could pass this along to your students.

Best regards,

Ian

Northland Hackathon
